Allowable Subject Matter

Claims 41-45, 49-51 and 54-55 are allowed.

The following is an examiner's statement of reasons for allowance for Claims 41-45, 48-51 and 54-55: The best prior art of record, *Armetta* neither discloses nor fairly suggests in a computer-based method of allocating parental funds in pre-established accounts for use by children the limitations of creating a secondary account file with an internet music supplier accessible by a child for spending on internet music purchases and periodically transferring directly and automatically to the secondary account file from a bank or credit account an allowance payment for use by the child to purchase and transfer music files over the internet using a personal computer.

No secondary reference was found which would fairly combine with *Armetta* to make the claimed invention. Applicant's arguments in the response of 16 August 2006 and the interview of 08 May 2006 with respect to the above-cited limitation were persuasive.

The drawings are acceptable as presented.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
